6) *Financial Assistance*

Financial tuition assistance may be provided by the student's local church.

GNOCA has been established to serve the Christian Educational needs of several churches in the surrounding area. Tuition charges account for only a minor portion of the cost of educating a student. It is only through the generous financial support of area churches and individuals that our school may remain open.

GNOCA does not grant any financial assistance to parents desiring to enroll their children here. However, financial assistance may be available through your local church. Please check with you local church pastor or administrative board for assistance in providing your child with this wonderful Christian education.

GNOCA does not negotiate over the fees that it charges. These fees are set by the school board and applied to all in a non-discriminatory manner. Parents are totally responsible for these charges and if you feel that you need assistance you must seek that through your local church or other source. Through prayer and local church's support, often a way can be found to provide for your child's continual Christian education. We wish for your child to complete his/her education in this Christian environment.
